ITC

An Introduction to International Trucking Consolidators Ltd.

International Trucking Consolidators Limited (ITC) is a specialist trucking company providing fast reliable road transport services to the Irish freight industry and companies distributing in Ireland or active in the import and or export business.

Part of the International Airline Marketing Group of companies, ITC was established in 1995 as an Air-Interline Trucking specialist to represent the Ireland-UK & UK-Ireland trucking requirements for a number of the worlds leading airlines including Air Canada, American Airlines and All Nippon Airways. Thanks to highly efficient operations, excellent customer service and strategic alliances in the past decade, this client list now boasts in excess of 15 international airline carriers and operations have expanded into 5 distinct trucking divisions.

Our Trucking Services

All ITC Trucking Divisions have an enviable reputation for fast reliable trucking services and consistently high standards of service.

- ITC - Interline Trucking:**
 Ireland's leading air cargo road feeder service providing a vital daily link between all major Irish airports and key airline hubs in the United Kingdom and Continental Europe.
- ITC - National Trucking:**
 A highly efficient national road transport delivery service to key cities throughout Ireland with early collection and delivery schedules.
- ITC - International Trucking:**
 A fast reliable daily trucking services for air cargo and non-air cargo; Dublin, Cork, Shannon and Belfast to and from key cities in the UK and continental Europe.
- ITC - Refrigerate Trucking:**
 Provides state of the art temperature controlled vehicles and exacting delivery schedules to meet the exacting requirements of sensitive cargo movements i.e. pharmaceuticals, medical supplies, food product and flowers.
- ITC - Specialised Trucking:**
 Provides comprehensive road transport solutions for the safe and effective movement of heavy capital equipment and large and or unusual loads.

News Briefs

- 5 Aug 2008 -**
ITC grows Irish imports business

The first four months of 2008 saw a 20% boost in import business for International Trucking Consolidators (ITC), the air-interline trucking arm of Ireland's largest cargo GSSA, IAM.

ITC's core business of providing scheduled export trucking services commenced in 1995; the company now also offers airlines a full consignee agent marketing function designed to generate inbound business. This is supported by inbound trucking from the UK and Europe for offline carriers, and handling services provided by sister company ITC Handling at four Irish airports.

ITC goes open-market to exploit its full potential

International Trucking Consolidators (ITC) – the airfreight road feeder arm of Dublin-based IAM Group – has launched an all-out drive for new business both from and to Ireland, offering its services on the open market for the first time.

The company was launched in 1995 with the sole task of managing the road feeder requirements of the carriers represented by its sister company IAM – Ireland's largest cargo GSSA. As Ireland has limited direct scheduled services worldwide, reliable trucking to European gateways was seen by IAM as an essential requirement for any carrier wanting to sell effectively in the Irish market.
